JOINT COUNCIL

Association Priorities

Updates on the priorities were provided to Joint Council. Branch Presidents had the opportunity to ask questions and/or make comments. The priorities for 2013-15 are: negotiating a collective agreement; beginning teacher initiatives; strategic plan for member engagement; implementation of NLTA IT strategic plan; school board amalgamation; and non collective agreement issues that impact on teacher work life.

Update on Teachers' Pension Plan (TPP) Discussions with Government

Executive and Joint Council were informed that NLTA representatives, including NLTA's actuarial consultant, met with government's actuaries on January 12 to review updated teacher pension data and, using the actuarial funding model, to explore various options aimed at reaching an agreement that would ensure sustainability of the TPP. On January 28, negotiations between the NLTA and government officials and their respective

actuaries occurred. Progress was made, but one significant obstacle to reaching an agreement was encountered. The discussions ended with both parties committed to exploring options to overcome the obstacle, with anticipation of further meetings to occur. It is possible that an agreement could be reached in short order. Should agreement be reached, a special Provincial Executive and Joint Council meeting would be called and the information subsequently provided to teachers for consideration and vote.
